

# THE BETTER FLYTRAP

The Better Flytrap™ traps and conceals flying insects where they spend most of their time.... at the window trying to get out!

The Better Flytrap's decorative and colorful floral design attracts and traps a wider variety of flying insects and spiders 24/7. Its window facing cutout allows light to filter through the trap when in place. Fits discreetly behind blinds and curtains and conceals view of dead insects. Eliminates hand contact when disposing - and can last up to 60-days or until trap is filled with insects. Simple, safe and disposable - pesticide free.

*Note: Product can also be placed near night-lights where insects can be drawn to artificial light.*

Effective on:
